Objective

As an experienced WordPress Web Designer proficient in Elementor and Divi, I am eager to bring my expertise to a dedicated role as a WordPress Developer. With over six years of freelance experience and working with multiple agencies, I have achieved skills in creating visually stunning and user-friendly websites as per clients unique needs. I am enthusiastic about leveraging my expertise to contribute to a dynamic team and drive impactful results in WordPress website design.

Skill

- WordPress (Elementor, Divi and other page builders)
- HTML, CSS, Tailwind CSS, Bootstrap and Basic JavaScript
- Proficiency in Figma to Wordpress Conversion (Pixel to Pixel)
- Working Knowledge with WooCommerce (Cartflow, Payment Integration, CPT UI & ACF)
- Able to fix any wordpress Bugs and do Speed optimization (Speed will be more than 90% in any situation)
- Language Proficiency (Hindi, English and Bengali)

Other Skill

- UI Design (Figma)
- Canva, Photoshop, Illustrator
- Experience with ChatGPT & GROK AI
- Proficiency on SEO Tools (Google Analytics, SEMrush, Ahrefs)
- Strong verbal and communication skill
- Team collaboration and Client managing skill
